Sheriffs of Illinois PAC Announce “Sheriffs’ Star” Award Recipients

Springfield, Ill. — Sheriffs of Illinois PAC today announce its “Sheriffs’ Star” legislative endorsement for the 101st General Assembly. The program is further engaging Illinois Sheriffs in the policy-making process. It is now more important than ever that law enforcement have legislators that value the protections and services provided by law enforcement.

“Legislators write and set the laws that we are expected to enforce. That relationship requires strong collaboration and communication between law enforcement and all legislators. We all want safe communities and the best for all Illinois citizens,” Chairman Dwight Baird (Kendall County Sheriff) said. “It is our hope that this endorsement process can help further nurture that important dialogue. It certainly is my distinct privilege to announce our inaugural “Sheriffs’ Star” recipients today.”

The Sheriffs of Illinois PAC is a bipartisan and voluntary political fund. This program offers support to politicians who stand up for Sheriffs and all of law enforcement in their effort to protect law abiding citizens. Politicians that demonstrate these aspects would be considered recipients of the “Sheriffs’ Star”.

“Our government was formed on citizen engagement and involvement. We believe that this program will include ongoing input from our winners. Their participation in ride-alongs with law enforcement will help further nurture and promote the goals we all have as elected officials,” said Chairman Baird. “I want to congratulate and thank these legislators for what they have done and their eagerness to be a part of this discussion.”
