92 Years of Continuous Service

Since 1928, your Illinois Sheriffs' Association (ISA) is dedicated to improving public safety. Our primary mission is to assist our 102 County Sheriffs throughout the state with training, communication and the necessary resources for them to serve local communities more efficiently. We also understand that our youth is the key to the future. The ISA continues its long-term commitment to help our children prepare for the future through scholarships, drug awareness, community involvement, and keeping safe.

In today's complex society, there are rigorous demands and requirements for law enforcement. The ISA is dedicated to supporting the time-honored Office of Sheriff in Illinois by upholding each Sheriff's rights to perform their sworn duty to serve and protect Illinois citizens. ISA promotes sound legislation to help our law enforcement officers and better serve the public.

ISA also serves as a vital information source for our Sheriffs. Streamline communications and continuity help our Sheriffs and peace officers become more efficient by sharing local events and case studies. These efforts help others with the challenges and opportunities ahead.

Thanks for the freestanding support and generosity of local citizens and businesses to make these worthwhile efforts possible!
